Tennis Center Sandpoint Cup Tennis Team Guidelines

All team members must be current TCSP members**.**

Tennis Center Sand Point hosts 20 cup teams in the following divisions:

Evergreen Cup   4
Emerald Cup   3
Classic Cup   4
Rainier Cup   4
Challenge Cup   4
Kingco Cup   1

Captain and Team responsibilities:

1. All players on a CUP team must be current TCSP members.

2. The captain will attend league meetings and relay information to their teams.

3. Team captains are to contact visiting team captains to share club information such as match fees and policies.

4. A match form will be filled out with the front desk for billing. Match fees are billed to individual member accounts. In the event a member does not have a current account, the team captain is responsible for match payment.
        Current match fees: $15 per player (includes WA state sales tax)

5. Visiting teams must fill out a waiver and pay for the match fee in one payment.

6. Cancellations:
        Any court cancelled with less than a 24 hour notification will be charged in full. A visiting team is not responsible for payment if the home team forfeits.
        Please try to avoid any match or court cancellations.

7. CUP matches are timed at 90 Minutes. Please use a 10 minute warm up and plan to leave the court as soon as the match time is completed.

8. Practices: Team practices will be once weekly and players will be responsible to pay for the session in one payment during the first week of practices.

9. Practices are weekly and run $22 per player for two courts with a TCSP coaching professional.

Team Requests:

1. TCSP is not accepting any more teams than the 20 currently accepted.

2. Players who wish to be on a team can e-mail the league coordinator, with the current playing level or league request and be placed on the waiting list.

      teams@tenniscentersandpoint.com

3. Players will be contacted when space becomes available. The League Coordinator will forward the wait list members to current captains.

4. Teams who place first or second in their division may move up a to a higher level only if there is a space open at that level.
